Lawmakers In First-Round On State Budget

LANSING (AP)—Lawmakers begin a five-day drive tonight toward final first-round action on the state budget.

The results — which probably won't be determined until nearly midnight Friday — will not be the final version of spending for 1966-67.

But the size of programs approved by the Democratic-led Legislature should indicate how big a fight will rage between Republican Gov. George Romney and the lawmakers during the ensuing six weeks.

The budget could soar as high as \$1.06 billion based on bills introduced last week by spending committees in each house.

Romney, who has recommended spending \$945 million, warned in a speech Saturday night that he would not sit by while \$1 billion-plus spending was approved.

"I don't expect to see the financial sanity we've established in the past three years be tossed into a cocked hat while the future is unprovided for," he said.

A billion-dollar budget could knock out all or most of a \$135 million state treasury surplus. Senate appropriations committee Chairman Garland Lane, D-Flint, says, however, he expects the final budget to fall below \$1 billion.

Friday midnight is the deadline for passage of all bills in the house in which the bill is introduced. Then each chamber will take about six weeks to act on bills passed by the other.

Scores of nonmoney measures also await consideration during sessions this week which are expected to run until nearly midnight every night.

US Jets Smash Red Hanoi Missile Sites

SAIGON, South Viet Nam (AP)—U.S. Air Force jets smashed two Soviet-built missile sites on the outskirts of Hanoi in the closest raid yet to the North Vietnamese capital and left two key bridges in ruins, U.S. spokesmen reported today.

Another group of Navy fighter-bombers set off a huge explosion at a suspected missile site 27 miles south of the coastal city of Vinh, 160 miles south of Hanoi, silenced seven nearby anti-aircraft batteries and sank a junk.

Led by target-marking F100 Super Sabre jets in clear afternoon skies, a pack of Air Force supersonic F105 Thunderchiefs began the raid around Hanoi Sunday by hurling 750-pound bombs at a bridge 33 miles south of the capital on the road to the chief port of Haiphong.

The span was put out of commission, a spokesman said.

The jets then moved closer to the capital blasting a missile site 15 miles south of the city and another 17 miles southwest with rockets and 20mm cannon fire. A huge explosion rocked one of the missile complexes, a pilot reported. The airmen spotted rockets on the launching pads just before they roared in, but only one missile was set up. It missed.

Lost Five Planes.—Three other flights of Thunderchiefs struck the main rail-

Death Takes Dr. J. Maddy

TRAVERSE CITY (AP)—Dr. Joseph Maddy, founder and president of the National Music Camp and Arts Academy at Interlochen, died today. He was 74.

Maddy died at the Munson Medical Center here. Hospital officials said he died of the results of a heart attack suffered last week.

Maddy began his famed music camp at nearby Interlochen in 1927. He borrowed \$15,000 to start the camp which today is valued at \$5 million.

Although he did not have a high school diploma, Maddy held seven honorary doctorate degrees and taught at the college level for a number of years.

A native of Kansas, Maddy joined the music faculty at the University of Michigan in 1924. He organized his first national high school orchestra in 1926 and it was the basis for the music camp.

Maddy is survived by his widow, Fay; two daughters, Mrs. Jeanne Gilbert of North Hollywood, Calif., and Marion of Ann Arbor; and a son, Richard, of Saginaw.

Drug Abuses To Bring Controls

NEW YORK (AP)—Unless abuses in the drug industry are stopped, more government control is inevitable, says Dr. James L. Goddard, commissioner of the Food and Drug Administration.

Dr. Goddard told a group of

road bridge between Hanoi and Vinh with 750-pound bombs, leaving it completely "sagged, twisted and definitely unserviceable," a spokesman said. The bridge was hit last November but had been rebuilt, he said.

The loss of five more U.S. planes in the past three days raised the number brought down in the 15-month-old air war against North Viet Nam to 210. But only two fliers were reported lost over the weekend.

An A1H Navy Skyraider was lost to conventional ground fire this afternoon three miles south of Tiger Island and just north of the 17th Parallel frontier. The pilot was rescued by helicopter after ejecting.

Although no American planes were reported lost in the attacks around Hanoi, other heavy air strikes Sunday near Vinh and Dong Hoi cost three planes. Helicopters rescued all five crewmen.

Suspend Demonstrations.—A spokesman also said that an Air Force F4C Phantom jet hit Saturday by anti-aircraft fire near Dong Hoi, 250 miles south of Hanoi, had been given up as lost. Its two crewmen were listed as missing in action.

Over the south, Air Force B52s assaulted a suspected Viet Cong marshalling point at noon today 65 miles northwest of Saigon near the Cambodian border.

On the political front, Premier Nguyen Cao Ky's hold on the reins of government was strengthened by a declaration from the country's most militant Buddhist leader that he was prepared to let the military junta stay in power until the elections it has promised to hold in three to five months.

Thich Tri Quang, chief agitator of the month-long antigovernment unrest, told nearly 5,000 followers in Da Nang that he was joining moderates in the Buddhist hierarchy in calling for a suspension of demonstrations.

Supreme Court Strikes Down Loyalty Oath

WASHINGTON (AP)—The Supreme Court struck down today an Arizona law requiring a loyalty oath of all state employees.

Justice William O. Douglas delivered the 5-4 decision. Justice Byron R. White wrote a dissenting opinion. Justices Tom C. Clark, John M. Harlan and Potter Stewart joined in White's opinion.

The court ruled on an appeal by Mrs. Barbara Elfrandt, a public school teacher of Tucson who refused to sign the oath. The law says public employees who refuse to sign must be taken off the payroll, although not discharged. Mrs. Elfrandt has taught for eight years without pay.

She contended the requirement denied her right of free association and free speech. She is a member of the Religious Society of Friends (Quakers), but her attorney emphasized before the Supreme Court that the fact was not being argued in the case.

Vernon Elfrandt, husband of Mrs. Elfrandt, likewise refused to sign and has taught for eight years without pay. The attack on the state law was brought in her name only.

Estimates were made that if she won the case, the Elfrandts would likely collect back pay of about \$50,000. The former Spokane, Wash., couple have received financial aid from friends and supporters of their beliefs.

Douglas said in his majority opinion the Arizona act "threatens the cherished freedom of association protected by the First Amendment."

Douglas, in his majority opinion, described Mrs. Elfrandt as a teacher and a Quaker who "decided she could not in good conscience take the oath, not knowing what it meant and not having any chance to get a hearing at which its precise scope and meaning could be determined."

Douglas described the oath requirement in this manner:

"The oath reads in conventional fashion as follows: 'I do solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution and laws of the State of Arizona; that I will bear true faith and allegiance to the same, and defend them against all enemies, foreign and domestic, and that I will faithfully and impartially discharge the duties of the office (name of office) according to the best of my ability, so help me God (or so I do affirm).'"

Another Adams Enters Politics

BOSTON (AP)—Thomas B. Adams, a descendant of the presidential Adams family, has announced his candidacy for the Democratic nomination for the U.S. Senate.

Adams, a newcomer to politics is a retired business man, and a noted author and lecturer. He said he agreed to become a candidate if friends could raise \$100,000 for a campaign. They did.

Viet Protests Speed Election Time: Rusk

Rhodesia Oil Needs Supplied By Land Route

JOHANNESBURG, South Africa (AP)—The British campaign to keep the tankers Manuela and Ioanna V from delivering oil to Rhodesia made big headlines, but the rebellious African colony is still getting more oil each month overland than either ship carried, a South African newspaper reported today.

Johannesburg's Rand Daily Mail said the flow of oil from South Africa to Rhodesia averages between 140,000 and 160,000 gallons daily — double the amount required under current rationing quotas.

The newspaper gave this report:

A survey last week showed that each day at least 45,000 gallons were shipped by trucks and 100,000 gallons by rail. An unidentified oil company official said oil firms favored the cheaper rail routes from Lourenco Marques, in Portuguese Mozambique.

Most of the truck hauling is now done by an unnamed American oil company and South African agents. The Portuguese are supplying about 10 per cent of the fuel shipped by rail.

The Greek tanker Manuela, carrying 15,000 tons of crude oil originally destined for Rhodesia, was reported Sunday heading for Rotterdam after five days in Durban, South Africa.

The Manuela was turned away from the Mozambique port of Beira by a British naval boarding party April 10 under a U.N. Security Council resolution authorizing Britain to use force against tankers trying to put into Mozambique to evade the British oil embargo against Rhodesia.

A pipe line runs from Beira to the colony whose white minority rulers defied Britain and seized independence last November to preserve white rule.

Reports from Beira said the Manuela's sister ship the Ioanna V was expected to sail from Beira May 6 without unloading its 18,000 tons of oil.

Rhodesian Prime Minister Ian Smith announced Saturday that his regime had called off attempts to have oil from the Ioanna V pumped to Rhodesia from Beira.

Police Chase UFO 86 Miles

RAVENNA, Ohio (AP)—"We were close, closer than I ever want to be again," said a deputy sheriff who chased an unidentified flying object from Ohio into Pennsylvania.

Hundreds of persons in both states reported seeing the "brilliant and shiny" object early Sunday morning.

Police Chief Gerald Buchert of Mantua, about eight miles north of Ravenna, said he took a picture of the object from his front yard but the Air Force told him not to release it.

Buchert said it looked like "two table saucers put together."

Portage County Deputy Sheriff Dale Spaur said he and his partner, W.L. Neff, "were close" to the object in separate cars and chased it 86 miles for an hour and a half, from near Ravenna to Conway, Pa., near Pittsburgh.

Spaur said he clocked it at speeds up to 103 miles per hour. From the ground Spaur said it looked like the head of a flashlight, about 40 feet wide and 18 feet high.

Spaur said the lines of the object were very distinct. "Somebody had control over it," he said. "It wasn't just floating around. It can maneuver."

Boy Scouts Are Saved; Gas In Cave Kills Trio

TRENTON, Ga. (AP)—Rescue squad officials see little hope of determining what kind of gas set off a cave explosion which resulted in three deaths and a 10-hour ordeal for three young Boy Scouts.

"Something happened, this we know," said Gene Glaze of Chattanooga, a leader in the rescue effort. "There was an explosion, but I'm at a loss to say what caused it because the only test equipment we had was for carbon monoxide."

Those tests showed a concentration of "pure carbon monoxide" in a 40-foot-deep pit of Howards Cave, where two rescuers died. The third victim, a guide for Explorers Post 79 of Atlanta, was trapped with the three Scouts on a ledge above and behind the fumes.

There was some speculation that the explosion may have been caused by gasoline fumes which had seeped into the cave. Glaze said he understood the cave had been posted several years ago because of "poisonous gas" within.

Rusty Mills, about 18, of Morrow, Ga., and Bernie Gilley, 19, of Trenton, died after rushing into the blanket of noxious gas in a rescue attempt shortly after the explosion about 12:30 p.m. Saturday. Phil Howell, 27, of Atlanta, the guide, apparently was also killed by the fumes.

The trapped Scouts, led to safety about midnight after the cool night air dispelled most of the carbon monoxide, were sent home after an overnight hospital stay. They are Chris Shannon, 14; Mike Strickland, 15; and Doug Flemming, 17, all of Atlanta.

The vote for Rahman Aref was reported to have been unanimous which would contribute much toward stability of the new regime. The Defense Council includes Iraq's top military leaders.

Rahman Aref's selection was followed by an easing of the curfew imposed after his brother's death. Baghdad radio began reading telegrams of support from military posts throughout Iraq.

Aref's death had raised the prospect of bitter political fighting and perhaps worse over who would succeed him. Since he was named president by the military in 1963, Aref had maintained a precarious dominance over feuding political and religious factions.

The government of Premier Abdel Rehma Bazzaz offered to resign Sunday, but this is a routine formality. The Cabinet is expected to stay in office, but appointments must be made to replace two ministers killed with the president.

Rahman Aref was named by his brother to run the army in February 1963 after a revolution overthrew dictator Abdel Kerim Kassam. He confined himself to mostly military matters, exhibited no particular political leanings and was not considered a member of the inner circle of officers who under the leadership of Kassam and Salam Aref overthrew the pro-Western monarchy in 1958.

Says Diverse Factions Reject Cong And Reds

WASHINGTON (AP)—Secretary of State Dean Rusk told senators today the result of political turmoil in Viet Nam has been to "speed up the timetable" for elections in that troubled country.

Rusk, the first Cabinet officer to be questioned in public by senators since the drive for elections broke out in Viet Nam during congress's Easter recess, said he understood the election of a constitution-making assembly will be held in August.

"It has been apparent throughout these recent discussions that there is general agreement among all of the participants that they reject the Viet Cong and the efforts of Hanoi to impose a political solution upon the South by force," said Rusk. He added:

"It is important of course that these political processes proceed on the basis of solidarity on the eventual aims with respect to South Viet Nam even though, as we ourselves learn, the construction of a basic constitutional arrangement is a complicated and difficult matter."

Rusk's testimony came after Barry Goldwater charged President Johnson is playing politics with the Vietnamese war by trying to keep it at a "low level" to save Democratic seats in next fall's congressional elections.

"We're not exerting our full air power against the enemy, and I don't think that is playing fair with the men who are being drafted and the men who are being sent over to Viet Nam," Johnson's 1964 GOP presidential opponent said in a copyright interview in U.S. News and World Report.

Goldwater's volley came as Congress returns full force to face the Vietnamese political storm that broke during the Easter recess and as Secretary of State Dean Rusk faces the Senate Foreign Relations Committee.

The big question: What now? In going before the Foreign Relations group, Rusk once again was facing the questions of a committee that has been a hotbed of congressional criticism of Johnson's Asian policies.

Sees No Fireworks.—But chairman J. W. Fulbright, D-Ark., said he didn't think "there will be any fireworks."

Another senior Democrat, Sen. John J. Sparkman of Alabama expressed belief the committee could discuss the situation with Rusk — and with Secretary of Defense Robert S. McNamara Wednesday — "and not cause an explosion."

The committee's mood, said Sen. John J. Williams, R-Del., may depend on Rusk — "to the extent he is frank with us. There is no use kidding ourselves, we are in trouble. We can't correct a problem by ignoring it."

The reason for Rusk's and McNamara's appearances before the committee is to support the administration's foreign aid requests. The hearings are to be televised nationally.

Goldwater expressed doubt the United States was doing all it could to "insure the stability in Saigon."

Communist Inspired.—"The new civil disturbances over there — especially the demonstrations — I've looked upon as Communist inspired. . . . If it keeps on as a continuing civil war, then I think we're in a very bad fix," Goldwater said.

The lack of a stable government in Saigon is one reason, Goldwater said, why the United States isn't making more progress in Viet Nam.

A second reason, he said, is "because we're not making military judgments based upon military needs and military strategy. We're making judgments based upon domestic political needs."

Goldwater said "it's an open secret in Washington" that the Joint Chiefs of Staff want to bomb petroleum dumps around the port of Haiphong.

But, he continued, Johnson wants "to keep the war at a low level to save as many members

Buckley Given Prison Term

Rodger Buckley, 19, of 1412 3rd Ave. N., was sentenced to spend two to 10 years in Marquette prison and two other men were placed on three years probation in sentencing on breaking and entering counts by Judge Bernard H. Davidson in Delta County Circuit Court today.

Put on probation were Leroy C. Johnson, 25, of the Metropolitan Hotel and John A. Beaver, 19, of Rte. 1, Ensign.

All three men had pleaded guilty to breaking and entering charges when arraigned in Circuit Court two weeks ago.

Buckley and Johnson were charged with being companions in a break-in at Peltin's Furniture Store in Escanaba. Beaver was charged with entering a camp in Nahma Township.

Selection of a jury for the companion suits of Mary Ellen Kane of Escanaba against Charles Atherton, Mathias Township, Alger County, also began this morning. Total damages requested in the two suits is \$228,000.

The actions arise from a auto accident on Dec. 1, 1962, in which Kenneth Kane, the plaintiff's husband, was killed.

Memorials To Alfred Brandt Assist School

Memorials to Alfred Brandt, Escanaba's well known contractor who died recently, were presented to the John F. Kennedy School for the Retarded Children of Delta County by his widow, Mrs. Alfred Brandt.

In presenting these gifts, in the amount of \$735 to the school, Mrs. Brandt expressed appreciation for the generous tribute to her late husband and to the cause in which he was so greatly interested, the welfare and the education of retarded children. The gift will enable the school to operate without deficit for the balance of the school year.

Mr. Brandt was active in the building of the school. A plaque in his memory will soon be erected there.

Mead Earnings Up For Quarter

DAYTON — Mead Corp. reported profits up 16 per cent in the first quarter of 1966, with net earnings of \$92 per common share, compared to \$79 per share for the corresponding period in 1965.

Howard E. Whitaker, chairman of the board, said Mead's earnings for the quarter ended March 27, 1966, were \$5,504,531, compared with \$4,684,705 a year ago.

Sales by the big producer of paper and paper products totaled \$128,249,811 in the first quarter of this year, up 8.5 per cent from \$118,197,938 in the comparable period of 1965.

Whitaker reported that all divisions of the company had operated at substantially full capacity throughout the first quarter. "The order backlog indicates we can expect similar conditions to prevail during the second quarter," he said.

Some basic costs are still rising. Mead's chairman noted, but he said operating efficiencies continue to improve.

Whitaker said Mead will start up a large, high-speed white paper machine at its mill in Kingsport, Tenn., in the second quarter. The new machine will provide substantial additional capacity which has been long needed and will provide additional earnings during the year, Whitaker said.

Mead has a half-interest in a 625-ton-per-day bleached kraft pulp mill in Prince George, British Columbia, which is expected to go into production in July.

Taxes on Mead's income totaled \$4,107,000 in the first quarter of '66, compared with \$2,876,000 in the first quarter of '65.

James Boyd Is Named To Head Detroit Edison

James Boyd

James Boyd, prominent mining corporation executive of New York City and former director of the Bureau of Mines under the United States Department of the Interior, has been elected a director of the Detroit Edison Co.

Boyd, president of Copper Range Co. and chairman of the board of the White Pine Mining Co. in Michigan's Upper Peninsula, will succeed Daniel F. Gerber, chairman of the board of Gerber Products Co., of Fremont, Mich., who has retired from the Edison board after serving nearly 11 years.

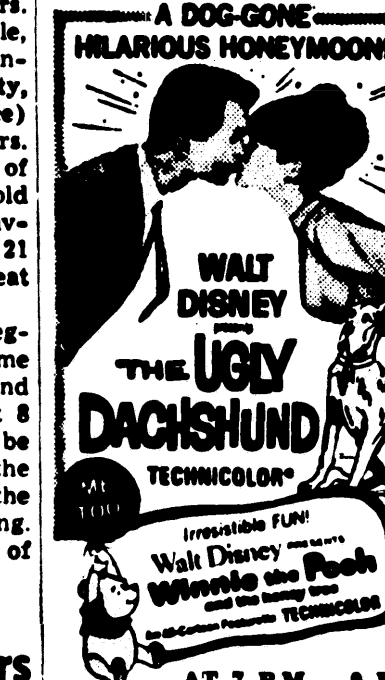

Edison Board Chairman Walker L. Ciesler announced the election of the new director and the re-election of the 14 other board members following the company's annual meeting of shareholders held today in New York City.

Boyd is a graduate of California Institute of Technology and Colorado School of Mines, was a director of the Bureau of Mines from 1947 to 1951 and later served as vice-president in charge of exploration for Kennecott Copper Corp.

He has held his present positions with Copper Range and White Pine Mining since 1960. During World War II, he served as an officer in the U.S. Army and in various governmental capacities related to the war.

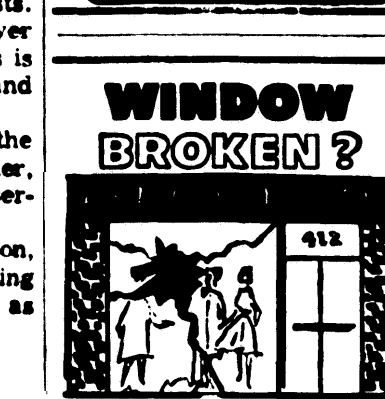

He is a resident of Greenwich, Conn., and has his business headquarters in New York City.

'Auld Lang Syne' For Met A Blaze Of Vocal Glory

NEW YORK (AP) — Some of the world's greatest singers said goodbye to the old Metropolitan Opera House at an exciting, 5½ hour farewell concert Saturday night the best way they know — by singing their very best.

The Golden Horseshoe will hear opera no more; in three weeks it will be torn down for an office building. The Met opens its season next September in a new \$45.7-million building at Lincoln Center for the Performing Arts.

The singers at the gala made sure the farewell night was a blaze of vocal glory.

Leontyne Price, singing from "Il Trovatore," has seldom if ever sounded richer.

Zinka Milanov, who has sung

453 performances in 26 seasons, and was making her own farewell appearance, sounded as if she could be a long way from retirement. She sang the final duet from "Andrea Chenier" with Richard Tucker. They were called back for six bows — more than anybody else.

The audience, which had paid up to \$200 a ticket, a total of \$292,000, was even more talkative at intermissions and more elaborately garbed and glitteringly jeweled than at a Met opening night. Cornelius Vanderbilt Whitney, whose two grandfathers had helped found the Met, was there with his wife. She was wearing a diamond and ruby tiara which had belonged to the Empress Elizabeth of Austria.

Conductor Leopold Stokowski, a spotlight shining on his white hair, made an impassioned plea to save the old Met, just after he had conducted the opening selection of the evening, the entrance of the guests — the Met chorus — from "Tannhauser."

Turning to face the audience, the 84-year-old Stokowski said, "It is a great pleasure to bring music to an audience of true lovers of music such as you are and in such a beautiful house. I ask you very much to save this magnificent building."

Then 32 former Met soloists were introduced, took bows and sat on the stage until the first intermission. The program ended, at 1:25 a.m., with the audience standing, all the soloists and chorus on stage, holding hands, and everybody singing "Auld Lang Syne."

NMU Trainees Now List 1,156

MARQUETTE — Graduation ceremonies for 85 trainees enrolled at Northern Michigan University's Area Training Center will be held Thursday, April 21, announces John S. Teigen, ATC supervisor.

Certificates of completion will be awarded to 39 stenographers, 22 welders, 10 automobile mechanics, and 14 automatic screw machine trainees.

The 85 bring to 1,156 the number of persons who have completed a training course in one of 20 occupational fields at Northern's Training Center since it was established in 1962 to provide programs to equip men and women with saleable skills.

The program will be held at 6:30 p.m. in the University Center. Principal speaker will be William Veaser, Houghton, vice president - sales, of Upper Peninsula Power Co., on "More Power to You."

Veaser, a graduate of Michigan Tech, has been associated with the U.P. Power Co. since 1949.

Those receiving certificates will include:

Stenographers: Bonnie Alexander, Brimley; Connie Beisel and Mary Kempf, Engadine; Sharon LeMay, Escanaba; Dolores McAlpine, Germfask; Mary Holzhauser, Gwinn; Arlene Cook, Manistique; Susan Fink, Munising; Linda Bhang, Naubinway; Kathleen Hanson, Newberry; Nancy Beckland, Beverly Simmons, St. Ignace; and Cheryl Groh, Seney.

Combination welders: Arnold Bourdeau and Norbert Marenger, Escanaba; Byron Hazel and Montgomery Ward, Garden; Lewis Hartwig, Sault Ste. Marie.

Automobile mechanics: Richard Konkel, Bark River; James McLearn, Manistique.

Automatic Screw Machine set-up man: Michael Painter, Newberry.

Briefly Told

The Washington School Cub Scout Pack 416 will meet in the school at 7:30 tonight. Special entertainment will be presented.

There will be a YFC Club meeting tonight beginning at 7:30 p.m. The bus schedule is: Harris, 6:50 p.m.; Bark River, 7 p.m.; Pine Ridge, 7:10 p.m.; and Salvation Army, 7:20 p.m. High school and college youth are welcome.

Escanaba police arrested Allen S. Hurtbise, 20, of Bark River Rte. 2, for speeding and for being a minor in possession of beer at 11:03 p.m. Friday in Escanaba. In Municipal Court Saturday he was ordered to pay a fine of \$25 and costs of \$5 on the beer charge and \$10 fine and \$2 costs for speeding.

The Fraternal Order of Eagles will meet in the Clubrooms at 608 Ludington St. at 8:30 p.m. Tuesday, April 19. The meeting is important because of the nomination of officers for 1966-67. All candidates for initiation should be present and their sponsors should contact the candidates.

Tutankhamen rose to the Egyptian throne when he was 12 years old.

NMU Convocation To Hear West On April 26

MARQUETTE — Dr. Luther S. West, dean emeritus of arts and sciences at Northern Michigan University and immediate past president of the Michigan Academy of Science, Arts and Letters, will be the main speaker at NMU's annual honors convocation Tuesday, April 26.

The convocation, one of the academic highlights of the year, will recognize Northern students who have achieved high honors in scholarship, leadership and citizenship. The public is invited to attend the program which will begin at 3 p.m. in NMU's Little Theater.

Dr. West was appointed NMU's first dean of arts and sciences in 1962, a position he held until he retired last June. Northern's \$3,000,000 science building scheduled for completion next August will bear his name. Prior to his appointment as dean, Dr. West was head of the biology department, a position he had held since joining the NMU faculty in 1938.

New Law Sets State Birthday

LANSING (AP) — Happy future official birthday to you, Michigan!

State officials were somewhat embarrassed on Jan. 26, 1965, when a newsman pointed out they had let the state's birthday slip by unobserved.

But this year, Sens. Edward Robinson, D-Deerborn, and John Bowman, D-Roseville, prepared a bill to observe Jan. 26 as the date commemorating Michigan's statehood.

Navy Honors Capt. Holmes

Capt. Donald T. Holmes, production officer at Mare Island for the U.S. Navy, was awarded the Navy Commendation Medal recently by Secretary of the Navy Paul H. Nitze.

The son of Mr. and Mrs. Joseph Holmes of 1315 Michigan Ave., Gladstone, Capt. Holmes graduated from Escanaba High School in 1937 and entered the Naval Academy at Annapolis, from which he graduated in 1941.

Immediately following graduation, he was assigned to Pearl Harbor and from there served the Navy for four and one-half years in the South Pacific. His career in the Navy had begun when he joined the Naval Reserve unit at Hancock as a senior in high school.

Capt. Holmes was cited for his competence and sound judgment, his leadership and devotion to duty and "outstanding performance of duty from July 1962 to July 1965" in logistics for Commander Amphibious Force, U.S. Atlantic Fleet.

Mrs. Holmes, the former Beatrice Motron of Escanaba, and their four children reside at the Mare Island Naval Base.

COMMENDATION FOR outstanding performance was received by (left) Capt. Donald T. Holmes with the U.S. Navy Medal presented by (right) Secretary of the Navy Paul H. Nitze.

Teamsters Win:

Road Employees Turn To Union

Employees of the Delta County Road Commission have elected the Teamsters Union, Local 328, to represent them in negotiations with the Commission.

The election was held on Friday, April 15, under supervision of the Michigan Labor Mediation Board.

The vote was 49 to nothing, by the employees to have the Teamsters Union represent them. A member of the Road Commission and a representative of the Teamsters observed the election which was held in the recreation room at the Road Commission office at Wells.

The Road Commission has about 55 employees who will be affected by the election, but the six not voting were on vacation or sick, said William J. Karas, Road Commission superintendent-engineer.

Next step will be the drafting by the union of a proposed agreement which will be presented to the Road Commission for consideration and the beginning of negotiations on salaries and working conditions.

Employees of the Commission were once represented by the Teamsters back in 1945. Since that time they have been represented through their Delta County Road Employees Club.

The election was held and the Road Commission employees chose the Teamsters to represent them under the provisions of Act 379 of 1965, which became effective on July 23, 1965. The new law, Act 379, recognizes the right of public em-

ployees to organize for the purpose of collective bargaining with public employees with regard to wages, hours, and working conditions. The employees may form or join labor organizations.

Under the new law the collective bargaining unit representative may petition the State Labor Mediation Board to mediate any grievances not settled through collective bargaining procedure. The decisions of the mediator are not binding upon the parties, however.

The act does not give public employees the right to strike to achieve their goals.

Well Drillers Must Register

LANSING (AP) — The State Health Department has advised Michigan pump installation and well drilling contractors they must apply for state registration before May 1. The registration, plus a \$25 fee, is required under a new state law.

If you don't have cancer, read this.

There is a feeling among some people that cancer is a death sentence. This is far from true. In fact there are over 1,300,000 Americans alive today who are cured of cancer. And yet, every year over 90,000 people die of cancer who might have been saved. They die because they go to their doctors too late. Because they don't give medical science a chance to treat and cure what is curable.

Self-defense against cancer

Go to your doctor once a year for a health checkup for your own protection. Early detection and prompt treatment of cancer can make the difference between life and death. For example, a simple, painless examination called the "Pap" test makes it possible to prevent nearly all deaths from uterine cancer in women.

Half of all cancer cases can be cured with what science knows today. But because some people delay seeing their doctors until it is too late, only one out of three patients is being saved.

Vital questions—vital answers

What about cancers that cannot yet be cured? Every day researchers throughout the country probe for answers to: The question of virus causation of cancer. The question of cures by chemotherapy. The question of why some people get cancer and others don't. Your dollars have already bought some answers. But many, many more questions remain. The high price for the answers must be paid. Do your part. Fight cancer with a checkup. And a check.

Political Skirmishing

Detroit Mayor Jerome Cavanagh and former Gov. G. Mennen Williams have been getting the political spotlight in the U.S. Senate race. They are the Democratic contestants.

Mayor Cavanagh isn't the sort to let Soapy have the nomination by default, having announced that he's in the race, and he told an audience at Adrian that Soapy's thinking was out of date on China policy. Cavanagh is for recognizing Red China and admitting her to the United Nations and Williams is for going slow on embracing Red China diplomatically.

This sparring sounds like something a little more in character for aspirants for the presidency, but eva-buddy wansta get into da act, as Jimmy Durante says, and the global strategy talk helps the public judge the candidates.

Soapy came off second best in a demand upon Cavanagh that he quit his job as mayor if he's going to run for senator, as Soapy quit his job with the State Department. Cavanagh asked what he'd use for money to feed his wife and eight children if he didn't get his mayor's pay. He isn't in Soapy's millionaire class from the lather and pimple business and must keep hustling.

And Soapy has come off best in the quest for union endorsement. UAW Ford Local 600 endorsed Williams and Cavanagh's father is a member. The local—35,000 active members and 18,000 retirees—is the largest in the world and its general council plumped for Soapy. The membership didn't vote.

Cavanagh said he thought it wasn't cricket for a union to endorse a candidate without hearing both of them. He said when he announced that union bosses can't tell members how to vote and his campaign will be a test of his theory.

In the very active quest for support of the state's Negro voters Williams also seems to have come off best in the first rounds of the contest. Williams should, on form, be making the progress that he is making with his campaign. He is much better known throughout Michigan than is Cavanagh and has strong support in the Democratic party organization through his long association with it, and from its respect for him.

Cavanagh is the underdog. He's got to come from behind to win in August. He'll be saying that there are new problems in the state and that we should be finding some new solutions and that they're most apt to come from new officials, not those with what State GOP Chairman Elly Peterson calls that "tired blood." Jerome hopes to be the Geritol.

While this intraparty duello is going on the "preferred" Republican candidate is starting his campaign. He has opposition, but nothing like William's challenge by Cavanagh.

Congressman Robert Griffin of Traverse City made the first speech of his campaign in the Upper Peninsula recently at Marquette in support of the candidacy of Charles Varnum, a school teacher who seeks the 107th Legislative District office held by Democratic Einar Erlanson.

Griffin gave the audience a view of Washington today from the perspective of a five-time congressman of the minority party. He said that the feeble opposition of the Republican party in Congress to the rule of Congress by President Lyndon B. Johnson should be a concern not only of the Republicans, but of all Americans.

He described the great consensus as dictation by the President to a servile and overwhelmingly Democratic Congress. The traditional separation of powers into the three major branches of government, the executive (president), legislative (congress) and judicial (supreme court), he said provides protections for the people. "When one branch has too much power our system of checks and balances suffers and our American people are shortchanged."

Republicans in Congress, Griffin said, get such a brushoff that programs that will cost billions and affect millions are voted out of committee with 15 minutes for review. "The Johnson administration tries to make it appear that it's cutting back (on government spending)," said Griffin, "but it's not in the areas where it could be done. Instead they cut the school lunch aid, and help for land grant colleges and student loans. The administration is supposed to be warring on poverty and its first cut is in education."

"The President knows the people don't want it cut and it'll go back into the budget and then he can say 'Congress spent more than I asked for.'"

But the Republicans, said Griffin, must meet people's needs; they can't just be against the Democrats. And the public must have as much savvy as the administration. It knows people want benefits and it provides them. The people pay the bill and they should determine how much it should be.

Earth Research

The people in charge of this nation's space effort are already debating what new world to conquer after we reach the moon. The answer may be right under their noses—the earth.

If some of the technological momentum generated by the race into space could somehow be switched over to the race between population and resources here on earth, a lot of the anxieties about both of them might be removed.

One scientist thinks it can be done. Speaking before the recent meeting of the American Astronautical Society in San Diego, Dr. Peter A. Castuccio, director of IBM Federal Systems Division's advanced space programs, listed a few things satellites could be designed to do.

Besides the much-talked-about possibilities of forecasting and controlling weather, they could:

- Discover tillable land below them as they scanned the world in their orbits.
- Conduct geological surveys to locate new sources of fuel and minerals.
- Examine crops by means of infrared techniques to spot diseases which are invisible from the ground.
- Map the seas, locating concentrations of fish and edible seaweed.
- Map snowfields and glaciers as possible sources of water. Also, detect underground streams, which are estimated to carry 3,000 times as much water as known surface rivers.

Any one of these satellite services could more than repay the vast investment that has been made in space research.

"I Think We Get the Message!"

Lives Beyond Means

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Costa Rica, a small but very bright showpiece of democracy and social progress in Latin America, is living beyond its means. And up to now its political leaders have not grappled with hard fiscal realities.

Americans, weary of hearing so many areas of the world set down as trouble spots for which they must bear some responsibility, can be pleased to know that Costa Rica is a place of real promise. Tiny though it is (Vermont and New Hampshire combined), it seems to suggest hope for the rest of Central and South America.

How sad, then, to have to report that this cheerful, friendly country is about to run up its tenth straight annual budget deficit, and that neither the outgoing nor the incoming (May 8) government seems willing to attack this problem with new taxes.

Many economic indicators suggest, deceptively, that things were never better for the 1.5 million Costa Ricans. Dazzled by these surface impressions, some Costa Rican officials do not see the peril in the lengthening trail of deficits. Says one:

"This must be only a sort of bookkeeping problem, isn't it?" The answer is no. Costa Rica is \$30 million to \$40 million in the hole on short term loans from American and a few West German banks. Some day soon these banks may entertain second thoughts. Right now they help keep the government in daily operating funds.

The basic source of the trouble is Costa Rica's incredible population growth, and its consequences in education, health, housing and other expenditures.

With a current annual increase of some 4.2 per cent (some officials like to play it down to 3.8), this nation has the world's fastest growing population. Today, 50 per cent of the people are under 16 years of age.

Soundly bent on educating its young, the government spends 33 per cent of its budget on schooling. This proportion likely will rise further as the boom in young people continues.

Health outlays, a cornerstone in the Costa Rican welfare state, consume another 11 per cent of the budget.

These and other services are regarded by outsiders as an admirable model for those many Latin lands which have not yet achieved really significant social advances for the general population.

Yet they weight the government down. It is kept going by the foreign commercial banks and otherwise assisted by an amazing volume of foreign investment, public and private.

Last year this assistance for Costa Rica totaled \$50 million. If Brazil, with 80 million people, got proportionate help, it would have received \$3.8 billion in 1965. Actually, that is more than was put into all Latin America.

These various money aids, plus favorable foreign market conditions, account in large part for the bright impressions in Costa Rica.

Coffee exports, half the country's total output in trade, are up to designated quota now after suffering from a two-year pall of "black snow" from the erupting volcano, Irazu. The market for bananas, another big item here, is good. Costa Rica's trade with the

Central American Common Market is up 20 per cent. Industry, lured by tax and customs concessions is beginning to come in from the United States, Europe and Japan.

But, though foreign specialists see a growth prospect of perhaps 10 per cent a year, actual economic advances barely keeps up with the vaulting population increase. Needed diversity and expansion in food output comes slowly.

Like politicians the world over, Costa Rica's leaders, including incoming President Jose J. Trejos Fernandez, do not like to face the financial mood. Yet if they do not offer good growth and tax policies, their country's bright promise may be badly tarnished before many years have passed.

Questions And Answers

Q—Through how many stages does vegetable matter pass before finally becoming coal?

A—Four. Progressive changes carry peat through the successive stages of true coal—lignite, bituminous, anthracite—and on until the mineral graphite is produced.

Q—Was the Alamo originally built as a fortress?

A—No, the historic structure was at first a Catholic mission.

The Doctor Says:

Usually Outgrow Night Terrors

By Dr. Wayne G. Brandstadt

A mother writes that her 4-year-old son awakens at night screaming and shaking. He is otherwise healthy. She wonders whether these spells could be a result of his having had convulsions when he was smaller.

Night terrors are seen most often in children who are between ages 3 and 8. The spells come on an hour or two after the child goes to sleep and cause him to sit up, break out in a sweat, scream and tremble. Although he clutches his mother or whoever comes to him he does not recognize persons or his surroundings for several minutes.

These attacks usually occur in children who are nervous, high-strung or in poor health but I doubt that one could prove that they originated in previous convulsive seizures.

When the child is fully awakened the mother should try to get him to talk about what was frightening him, then reassure him that everything is all right. If the attacks recur frequently she should try to see that his waking hours are spent in calmer surroundings.

Children usually outgrow these night terrors but then, like the rest of us, they may still have an occasional nightmare. Nightmares are much less intense. They may cause a

Milk Prices In State Move Up; Future Brighter

Here is the mid-April market report from Dr. John Ferris, agricultural marketing specialist at Michigan State University:

MILK - The national support level on manufacturing milk was raised to \$3.50 per hundredweight for the 1966-67 marketing year which began April 1. This represents a 26 cent increase over the level in 1965-66. These changes were prompted by a growing threat of shortened milk supplies. Actually, supplies for bottle use will not be much affected but supplies for manufacturing will be reduced noticeably.

The increases in supports and Class I prices will have the effect of assuring dairy farmers that prices will remain on a higher plateau rather than raising prices from present levels. Butter, nonfat dry milk and cheese have been selling above the new support prices recently.

Base prices at Detroit in February were \$4.56, up slightly from January and 23 cents over last year. Production was down in the Southern Michigan area by 1 per cent from last year, with Class I sales up 3 per cent.

HAY - The hay market is largely a local situation. Hay acreage in Michigan is expected to be down slightly in 1966. Production will likely be slightly larger than in 1965 since dry weather hurt yields last year. Part of the reduction in hay acreage this year is due to fewer dairy cows on farms.

ever I read something in your column that burns me up I promise myself I'll sit down and write a letter to straighten you out, but I have never gotten mad enough. Until now.

Yesterday you went too far. You told a girl she was a fool because she had given away her most precious gift—meaning her virginity.

How naive can you be? The gift of the flesh can be the emptiest and most meaningless gift of all. A girl can give her body and make no real commitment.

Any female can give her virginity, but the girl who can give her MIND gives the most precious gift of all. I would like to hear your defense. If you can think of one. -- A BELIEVER IN STRATIFIED LOVE

Dear Love: Your statement that any girl can give her virginity was a trifle incomplete. You should have added the word "once."

I hope you don't give too many fellows the gift of your mind, Love, because from the sound of your letter you don't have a great deal to spare.

Dear Ann Landers: I was stopped cold by your answer to the man who wanted to know why American males in public life always want to be photographed with mom. He asked if America is really a matriarchy and if it is true that most American families, mom's voice is the one that is heard loudest and longest. You said, "Yes, it is true."

I am not challenging your answer, Ann, but in the interest of fairness you might have explained why it is true.

I am a wife who is head of the house and I'd give anything if I weren't. I have begged my husband to take an interest in the children but he refuses. He says that's MY job. He has never taken our sons fishing or to a baseball game or a football game. He insists that he goes strictly for business reasons and he must invite clients.

I don't want to imply that my husband is mean to the children. He simply ignores them.

To a less than astute observer I probably look like a domineering female who has shoved her husband out of the driver's seat. The truth is simply that my husband is too selfish and too immature to accept his role as a father, so I must do his job. So please, Ann, tell

your readers not to leap to conclusions when they see an aggressive woman at the head of a family. It may well be that she had no choice. -- PENNSYLVANIA MATRIARCH

Dear Matriarch: Your letter was only one of the hundreds which expressed the same point of view. Thank you for showing the readers the OTHER side of the coin -- and a very real side it is, too.

Confidential to MISS GREEN AROUND THE GILLS: A working girl does indeed have the right to tell a man that his cigar is making her sick. The air in an office belongs to everyone. Nobody has the right to foul it. And don't hide behind an anonymous letter either. TELL him.

Pipe Line Will Automate Its Canada Stations

A \$4 million modernization program was announced today by T. S. Johnston, president of Interprovincial Pipe Line Co. It will provide electrification of pumping stations in Manitoba and remote control from Edmonton of the pipe line between Edmonton and Superior, Wis.

Operations east of Superior, in Wisconsin and Michigan, are now controlled from Superior while operations in Ontario and New York State are now controlled from Sarnia, Ontario.

The program will not be completed until late 1967. Meanwhile, the company has informed its employees and is initiating a long-range, comprehensive program for all employees affected. This will include retraining, educational grants, severance payments, assistance in finding other employment, and help with moving expenses. The company proposes to train a number of its present employees for new electrical and operating positions. As a result, the reduction in staff in the United States will be between 20 and 24 employees.

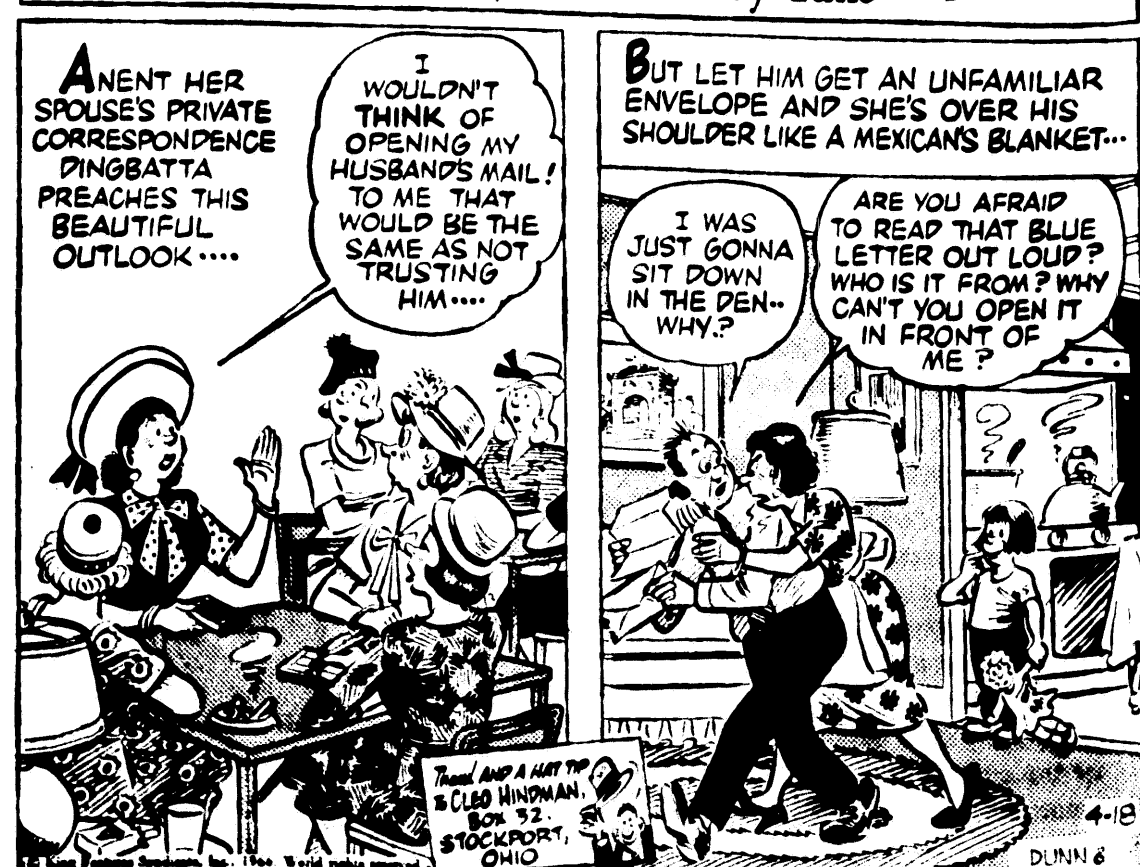

The operations affected are not in the Upper Peninsula. The company is not leaving any area in which it now operates and will continue as a taxpayer in every municipal district along its route.

Males Approve Of See-Through Plastic Dresses

PARIS (AP)—A Paris dress designer has come within a whisker of designing himself right out of a job: presenting a line of clear plastic dresses. "It's a joke," laughs Daniel Hechter, the designer.

"Call it what you want," said a male spectator at Hechter's preview show Thursday night, "I think it's terrific." Hechter, though he insists it's all a joke, plans to sell these dresses for \$2 apiece and says he already has some takers. He has made two concessions to modesty: two horizontal bands of darker colored clear plastic above and below the midriff.

One model had on knee socks. She said they made her feel more covered.

Gladstone Wins Again:

Cherie Maskart Named Delta Queen

Cherie Anne Maskart of Gladstone, 19-year-old freshman at Bay de Noc Community College, Saturday was chosen Miss Delta County of 1966 at the annual pageant sponsored by the Escanaba Junior Chamber of Commerce at the Area High School.

It was the second straight year that a girl from Gladstone was selected to represent Delta County in Miss Michigan competition.

The new Queen was crowned by Sandra Maki of Gladstone, 1965 Miss Delta County.

First runnerup in the field of 11 girls was Susan Garrard, 18, daughter of Dr. and Mrs. M. H. Garrard Jr. of Escanaba. Patricia Klimetz, 18, daughter of Mrs. Lorraine Klimetz of Escanaba, was second runnerup.

Miss Maskart is the daughter of Mr. and Mrs. Rene Maskart, 659 N. 9th St., Gladstone.

The Delta County pageant was conducted in accordance with Miss America contest rules and included talent, swim suit and evening gown judging. Al Holteim was Master of Ceremonies.

Miss Maskart will receive a new wardrobe donated by Delta County merchants to take with her to Miss Michigan competition. She also received \$250 in college scholarship awards. Miss Garrard received a \$100 scholarship and Miss Klimetz a \$50 scholarship, both to Bay de Noc.

Tallest girl in the contest at 5-foot-8, Cherie Anne proportions 138 pounds on a 38-25-38 frame. She has blue eyes and auburn hair.

She was a member in the Winter Carnival Queen's court at Bay de Noc this past winter.

A 1965 graduate of Holy Name High School, Miss Maskart plans to continue her education at the University of Detroit after finishing two years at Bay de Noc.

Judges for the pageant were Mr. and Mrs. Fran Broulette of Iron Mountain, Mr. and Mrs. Richard Meyer of Manitowish, Wis., and Mrs. Ward Alquist of Iron Mountain. Organist was Chet Marrier.

SANDRA MAKI, left, Miss Delta County of 1965, passes her crown and title on to Cherie Anne Maskart, who was crowned 1966 Queen Saturday at the Area High School. Both girls reside in Gladstone. (Daily Press Photo)

Rain Easing Fire Threat

By The Associated Press
Rain has eased a threat of forest and grassland fires in Lower Michigan, the U. S. Weather Bureau at Detroit said today.

The bureau had issued a special fire danger warning for much of Lower Michigan Sunday. It said general rain over most of the area was expected to continue through today and lessen the danger.

However, it continued to advise extreme caution by everyone burning brush or trash. The Conservation Department's regional office at Roscommon reported 23 fires in the 24 hours ended at 1 p. m., Sunday.

A chemical mixture was sprayed by airplane in the White Cloud area in an attempt to reduce the danger of fires. Dry conditions, a result of five days of sunny weather, contributed to the danger. Most of the fires reported were on the west side of the state.

Reginald Heber's missionary hymn, "From Greenland's Icy Mountains," is said to have been translated into more languages than any other hymn.

Union Picketing At Cape Kennedy

CAPE KENNEDY, Fla. (AP) —Members of the International Union of Electrical Workers set up picket lines at all five entrances to this space center today, and early checks showed some construction workers were honoring them.

Except for some construction work on the Merritt Island moonport, the strike was not expected to affect activity here.

Most members of other industrial unions appeared to be ignoring the lines, which are the result of a wage dispute with United Technology Center (UTC).

The National Aeronautics and Space Administration and the Air Force hoped to have figures on the number of absentee workers later in the day.

The strikers are members of Local 1201 of the Electricians Union, which has its headquarters at the Coyote, Calif., plant of UTC, a division of United Aircraft Corp.

About 225 electricians at the California plant and 52 at Cape Kennedy voted to strike Saturday. The Cape members work on the solid-fuel booster rockets for the Air Force Titan 3 space rocket.

Most Miners Back At Work

The electricians here receive a pay of \$3.93 an hour. They seek a 15-cent an hour raise, plus a 30-cent "field rate" for working at the cape.

UTC had offered a 19-cent increase, with no field rate. Negotiations are being conducted in California.

More than 50,000 men were idled for the past week while the United Mine Workers and the Bituminous Coal Operators Association remained at odds in Washington over a new contract. An estimated 19,000 were still off the job today.

Tech Increases Its Board Rate

HOUGHTON—A \$1 per week increase in the room and board charge at Michigan Tech campus was approved Friday, effective in September.

In other action, the board accepted a proposal by the City of Sault Ste. Marie to transfer 30 acres in the Camp Lucas tract overlooking the St. Mary's River to the Sault Ste. Marie Branch of the University.

of his Congress as he can. Historically the President must expect quite a loss for the 'in' party in November . . . whether there was a war or not. If you throw a war in, his losses could be very large."

To Save Congressmen

Goldwater contended Johnson was trying to please both hawks and doves, declaring: "He's bombing — but he's not bombing. In other words he's riding down the middle because of the domestic political situation."

The quickest way to win the war, Goldwater said, "is to use the power you have — and we have the power."

Another call for the use of more power came from Sen. John C. Stennis, D-Miss., chairman of the Senate Preparedness subcommittee.

"We have not yet hit with sufficient military strength and power . . . to win. We cannot win by this policy of holding back," Stennis said on the ABC radio-television show "Issues and Answers."

GOP Students

ANN ARBOR (AP) — An organization of Republican law students has been formed by students at Michigan's four law schools. James Boucher, University of Michigan law student from Bay City, said the group will be particularly interested in the Supreme Court and attorney general races.

Briefly Told

All Escanaba Area High School Seniors and their parents are invited to attend a meeting to plan the all-night Senior party Tuesday, at 8 p. m. in the Westminster Hall of the First Presbyterian Church.

The regular square dance workshop for members of the Promenaders Square Dance Club will be held Wednesday, April 20 at 8 p. m. in the V.F.W. Hall. Please note time.

Knights of Columbus members are requested to meet at the Messier-Broulliere Funeral Home at 7 p. m. tonight to recite the rosary for Mrs. Albert Hoholik.

Two Delta County young men were ordered to pay fine and costs of \$105 each after entering pleas of guilty in Municipal Court today to charges of reckless driving. They are LeRoy E. Scheereman, 18, of Bark River Rte. 1, and George R. Potvin, 21, of Schaffer. Escanaba police who made the arrest said the youths drove at speeds over 75 miles an hour from Sylvan Point to the Portage Point Road at 2:13 a. m. Sunday.

Escanaba police have issued traffic court summonses to Francis C. Flenal, Cornell Rte. 1, failing to stop in the assured clear distance; Robert C. Haack, 730 Lake Shore Drive, speeding; William J. Cook, 118 1st Ave. S., failing to yield the right of way; Michael R. Caferty, Wheaton, Ill., disobeying a traffic signal; Darlene Meier, 1108 9th Ave. S., improper turn and no operator's license; Michael J. Summers, 513 N. 19th St., leaving the scene of a property damage accident; Theodore W. Beauchamp, 1313 5th Ave. S., leaving the scene of a property damage accident.

The Pribilof Islands were named for Gerasim Pribilof, a Russian, who discovered them in 1786.

Tigers Taste First Defeat

DETROIT (AP) — Julio Navarro still is the mystery man of the Tigers pitching staff.

"He was one of the best pitchers we had in spring training," Manager Charlie Dressen said after the Tigers saw their five-game, season-opening winning streak snapped 10-4 by the Washington Senators Sunday.

"But every time he goes in to pitch in this park, he gets hit hard. If you can figure it out, you tell me," Dressen added.

Navarro replaced starter Hank Aguirre in the seventh inning after John Orsino and Bob Savarin hit pinch-singles to help score the Senators' third run. Navarro failed to get a man out. He hit Fred Valentine on the back, served up a grand slam home run pitch to pinch-hitter Bob Chance and saw Ken McMullen hit a solo homer.

Dressen huddled with pitching coach Stubby Overmire and bullpen coach Mike Roark after the game.

"We couldn't keep in touch because the phone to the bullpen wasn't working," Dressen explained. "They said they were convinced Navarro was ready when I called him into the game."

Navarro appeared in five games in spring training, allowing just five hits—one of them a homer—while striking out seven and walking one. His earned run average was 1.80.

Navarro appeared in seven home games last year, one of them in a starting role. He gave up 11 hits, including three homers, in six relief assignments.

Detroit starter Hank Aguirre and Dressen both were satisfied with Aguirre's performance in his first appearance of the year.

The Senators got three hits in the second inning, when they scored two runs, but Aguirre settled down and retired 11 straight batters before Ed Brinkman singled in the sixth. "I had good stuff," Aguirre

said. "I was getting the pitches where I wanted them and kept moving them around the plate."

"They didn't get a solid hit off me in the seventh but I guess Dressen thought I had had it. I hate losing this way but he must have felt he knew what was best," Aguirre added.

Al Kaline homered in the second inning for Detroit's first run and scored the final marker in the sixth as Bill Freehan grounded into a double play.

A double by Dick McAuliffe and singles by Mickey Stanley, Don Wert and Jerry Lumpe produced two runs in the fifth.

The Tigers open a six-game road trip with a Patriot's Day twin-bill in Boston Tuesday.

Matson Suffers First Setback

COLLEGE STATION, Tex. (AP) — Randy Matson got beat in the discus Saturday — his first loss of any kind in college competition — and it shook up the Texas A&M weight star like nobody's business.

The world record-holder in the shot put professed to be at the nail-biting stage because he's also being moved in on by the shot putters, too.

"This Neil Steinhauer (of Oregon) threw the shot 65 feet 3 inches the other day," Matson said solemnly. "I can't seem to reach my form because my injured knee is keeping me from gaining strength in my legs."

"I have been able to throw the shot only 63 feet lately. If I don't do something I'm going to get beat in the shot, too. That would be terrible. I just can't let that happen."

So it's back to the weights where you use your legs regardless of how the knee may feel.

Matson hurt his knee throwing the shot last year — it was bandaged the day he pitched the 16-pound ball 70 feet 7 1/4 inches for a world record.

He played basketball last winter and strained ligaments in the side of the knee in coming down with a rebound. So he has been unable to do the squat with 350 pounds on his shoulders — the method he uses to build up his legs.

Matson lost the discus to John Cole of Arizona State in the Civilian Relays at Memphis Saturday. Cole pitched the discus 185 feet 8 inches. Matson got only 180 and he had a throw of 191 feet 6 1/2 inches April 12.

Lansing Women Take Keg Lead

NEW ORLEANS (AP)—Women from Lansing, Mich., moved into top spots over the weekend in the Women's International Bowling Congress Tournament here.

Norma VanDugteren took first place in the singles division with a 595 series. Lyla Felzke followed in second place with 564.

Barbara Jenks and Blanche Stevens held second place in doubles with 1076.

In the team division, Necchi Elina was second with 2502.

Wings Take Lead In Cup Playoffs

CHICAGO (AP) — Detroit's boys are playing well and even Normie has found he can score against Chicago.

Throughout the regular National Hockey League season, the Hawks battered the Wings with a record of 11 victories, one defeat and two ties.

Equally unbelievable was Chicago's ability to hold high-scoring Ullman to no goals and only two assists in the 14 games. Even in the first four playoff games while the Wings were outscoring Chicago 14-5, Ullman was held without a goal.

But he more than made up for it Sunday with a pair of goals and an assist in what Abel called "the key game of the series."

Pontiac Runner Smashes Record In Ohio Relays

MANSFIELD, Ohio (AP) — Pontiac Central's Bill Tipton was the only double winner in the 35th Mansfield Relays Saturday.

Tipton, a junior hurdler, whipped through the 120-yard high hurdles in 14 seconds flat and broke a record jointly held by Rex Cawley, a former Farmington ace and U.S. Olympic star, and Clint Jones, now a half-back on Michigan State's Big Ten football champions.

Tipton also won the 180-yard low hurdles in 19.3 to help Pontiac to a fourth place finish with 20 points. The meet was won by Cleveland's Glenville High with 35 points.

Ron Strang of Detroit Lutheran West took the mile in 4:21. Roseville's Ivan Scholl was third in 4:21.8.

Here's how other Michigan boys finished:

Hazel Park's four-mile relay team finished third in the event, timed at 18:26.

Pontiac Central was fourth in the 400-yard shuttle hurdles, clocked at 57.5.

Ron Short of Farmington was second in the pole vault with a leap of 13 feet, 6 inches. Louis Ciantis of Hazel Park was fifth at 13 feet.

Ypsilanti High was fourth in the 880-yard relay, timed at 1:31.1. Ecorse was fifth in 1:31.3.

Melvin Cole of Pontiac Northern was fifth in the 180-yard low hurdles, clocked at 20.1.

Bill Werwein of Roseville was fourth in the 440-yard dash. His time was 49.8 seconds.

Birmingham Brother Rice was second in the two-mile relay, four-tenths of a second off the pace at 8:00. Pontiac Northern, clocked at 8:13, was fifth.

Tony Wrench of Ann Arbor was fourth in the shot put with a heave of 57 feet, 3 1/2 inches. Mel Johnson of Shorebridge was fifth at 57-11 1/2.

Art Wiggins of Pontiac Central was fourth in the long jump with a leap of 21 feet, 7 1/2 inches.

Don Lavalais of Pontiac Central was second in the high jump with a leap of six feet, six inches. Erick Jackson of Mount Clemens Clintondale was fifth at 6-2.

Michigan team point scores: Pontiac Central 20; Detroit Lutheran West 6; Roseville 5; Hazel Park, Brother Rice, Farmington and Dearborn Riverside 4; Ann Arbor, Pontiac Northern, Ypsilanti 2; Clintondale, Berkley and Ecorse 1.

Trainer Killed In Plane Crash

LEESBURG, Va. (AP) — Engine trouble tentatively was blamed today for the crash of an old P-51 fighter plane which took the life of one of the nation's best-known horse trainers and riders, Ben O'Meara.

Officials at Godfrey Airport here said O'Meara, alone in the World War II-vintage Mustang, had refueled and taken off from the airport Sunday only a few moments before the aircraft came near a creek.

O'Meara, 30, reportedly had bought the refurbished plane only six weeks ago and had had it at his "Colony Farm" estate near Middleburg two weeks. He had installed an airstrip at the farm.

Hawaiians Help Spartans Sweep Baseball Series

By The Associated Press

Michigan State takes a bow toward Hawaii in baseball as well as football.

Hawaiian Dennis Maedo, a second baseman, starred in MSU's double-header sweep of Detroit Saturday, 12-8 and 7-1. He scored what proved the winning run in both games. He got three hits in the opener, scored three runs, and drove in three.

Hawaiian Dick Kenney, who has gained fame as a barefooted football kicker at MSU, was winning pitcher in the second game.

Double-header sweeps were the rule in the first big weekend of college play in Michigan.

Top Race Horses Tune Up For 92nd Kentucky Derby

By The Associated Press

Three horse races Saturday, two worth \$100,000 and the other \$75,000 in added money, will go a long way toward determining the opposition for favored Graustark when the 3-year-olds lineup for the 92nd running of the Kentucky Derby at Churchill Downs May 7.

The 100 grand races are the Wood Memorial at Aqueduct and the Governor's Gold Cup at Bowie, Md. The \$75,000 affair is the California Derby at Golden Gate Fields. The Wood and California Derbies are at 1 1/4 miles, the Gold Cup at 1 1/16 as compared to the 1 1/4 miles of the Kentucky Derby.

The Fore-runner, at seven furlongs and with much less value, will be run at Keeneland Friday.

Then, with two weeks to go before the big one at Churchill Downs, there'll remain only three major races for Derby hopefuls to prove their worthiness to take on the unbeaten Graustark.

One is the 1 1/4 miles of the Blue Grass April 28 at Keeneland in which Graustark is scheduled to get his final prep. The others are the seven-furlong Stepping Stone at Churchill Downs April 30 and the one mile

Derby Trial May 3.

Graustark is more firmly entrenched than ever as the favorite. He chalked up his seventh victory of an injury-plagued career last Saturday when he won the seven-furlong Spendthrift Purse by nearly four lengths in an ordinary 1:22 1-5 at Keeneland.

Cabildo, for whom Mrs. Joe W. Brown paid \$175,000 in February, was second. Cabildo is likely to take another crack at Graustark in the Blue Grass.

Abe's Hope, disqualified out of first in the Florida Derby, also is in Kentucky waiting for the Blue Grass.

Here's how this Saturday's races line-up:

Wood—Wheatley Stable's Stupendous, a three-quarter-length victory over stablemate Impressive in last Saturday's one mile Gotham, will be back. Trainer Eddie Neely said, however, that Stupendous will not start in the Derby regardless of what he does in the Wood. "He is not the type that can stand so many hard races so close together," Neely said. The opposition is expected to come from those who trailed in the Gotham—Understanding, a fast closing fourth; Indulto, the favorite who wound up fifth, and perhaps Sub

Eskymos Dominate Indoor Track Meet At Northern

MARQUETTE — Escanaba athletes dominated the Class A-B division of the 7th annual Northern Michigan University Intercollegiate Indoor Relays here Saturday, winning three events, placing second in two others and adding a fifth place.

Two Eskymos smashed three meet records as the squad ran up 24 team points, tops in Class A-B. Meet officials do not compile team points in the meet, however.

The Stephenson Eagles displayed individual ability and great depth in the Class C division. They speared three firsts and scored points in five other events to set the team pace.

In Class D the Channing Railroaders turned in an impressive performance behind swift Paul Peak who set one record and tied another in his hurdle specialties.

Jim Hansen wiped out the meet shot put record which was set last spring by a former team mate, Bill Sarnowski. The Eskymo athlete fired the ball 52 feet 5 1/2 inches to finish far ahead of the field. Holy Name's Mike Kobasic and Bob Brisco finished third and fourth in the event.

Jim Boyle cracked two records, skimming the 65 yard hurdles in 7.9 seconds and the high jump in 5.55 in the preliminaries. Boyle won the low jump but was edged in the finals in the high jump by Chuck Clement of Munising who was timed in 8.6 seconds.

Eskymos dashman Gary Vandeville won the 60 yard dash in 6.7 seconds.

Eskymos dashman Gary Van der Ven won the 400 yard relay and John Hansen earned a fifth in the mile run.

Holy Name's third point producer was Mike O'Leary who was fifth in the high jump.

Gladstone's Keith Apelgren won the pole vault with a height of 11 feet 4 inches while Carl Norkkoll finished a shade off the pace in the half mile.

The Braves were second in the eight lap relay.

Earning points for the Manistique Emeralds were Doug Nelson in the shot and Jerry Leach in the mile.

First place finishers for Stephenson in Class C were Bob Nerat in the shot put, Ron Stromgren in the mile and the four lap relay team.

Art Miller of Cooks was an individual winner in the Class D mile, leading the field in 4:58.3. Other Clippers earning points were Lyle Reed in the mile, the eight lap relay team, Phil Hartman in the pole vault, Clayton Hill in the half mile and the four lap relay unit.

Point winners for Garden included Wayne Martin in the mile, Jon LaSalle in the shot put, Brent Rochefort in the 60 yard dash, Don Saxon in the

high jump, low and high hurdles. Rod Lucas in the broad jump and high jump and half mile and the four lap relay team.

WILMINGTON, N.C. (AP) — While the champions were out in Las Vegas, professional golf's youngsters got together at Wilmington and put on quite a show of their own.

Bert Yancey, a husky blond from Philadelphia, withstood the pressure applied by other victory-starved hopefuls and came through with his initial triumph Sunday. He won the Azalea Open with a closing 68, four under par, for a 278 total.

He was one shot in front of Bob Johnson, three ahead of Dave Marad, and four ahead of Tom Weiskopf. Each of them also was aiming for his first triumph. Yancey won \$3,200 of the \$22,800 purse, more than he had won all year. In recent weeks the 27-year-old Yancey's game has been coming back to the form he flashed last year when he won \$2,000 and finished 44th on the official money list.

"I'd been swinging too high on my backswing, but I made some adjustments and have been playing better," he said in looking back on his rounds of 74-68-67-68.

Johnson closed with 67, five under par for the 6,744-yard Cape Fear Country Club course. His earnings for second place was \$2,100. He'd won only \$812 before this year.

Yancey had started the round tied for the lead with Weiskopf and Larry Beck. A 73 finish was Beck's fate as he slipped to 283 to tie Al Bessellink and Dick Lytle for fifth place, each winning \$1,166.

When he withdrew, Pilec was within four points of victory. He won seven consecutive games, stretching through the first game of the final set, and never trailed in the final set as he maintained serve along with his opponent.

Pilec advanced to the finals here by whipping second-seeded Tony Roche of Australia.

Mulligan, however, upset the No. 1 River Oaks seed, Dennis Ralston of Bakersfield, Calif., in the quarter-finals, and already had won three tournaments this year. Mulligan got to the finals by defeating Boro Jovanovic, another Yugoslavian.

Lakers Spill Celtics To Open Pro Playoff

BOSTON (AP) — Coach Fred Schaus has changed his thinking now that his Los Angeles Lakers have taken a 1-0 lead over the Boston Celtics in the National Basketball Association's championship final series.

"Being realistic, I'd have been content to win one of the two games played here," Schaus said after the Lakers upset Boston 133-129 in overtime Sunday at Boston Garden, overcoming an 18-point deficit. "But when you win the first, you get greedy and want the second."

The second game of the best-of-seven series will be played at Boston Tuesday night before the teams switch to the West Coast for the third and fourth games.

Schaus said the importance of the Lakers winning the first game "might be exaggerated."

It merely means "that Boston knows it must win one at Los Angeles. However," he added, "if we win the second, then Boston has got some thinking to do."

Boston Coach Red Auerbach agreed that his defending champions "have our work cut out for us."

He was furious over what he considered some questionable calls but conceded "no matter what you say, you can't get it back now."

Auerbach was particularly irked over a goal-tending call on Bill Russell who blocked a shot by Elgin Baylor with 30 seconds left to play in regulation time.

"He gives them a ball game with just one call," said the fuming Auerbach.

Baylor's shot put Los Angeles ahead 121-119 and the best Boston could do was tie before regulation time ran out.

Brewer, Palmer Clash Today In 18-Hole Playoff

LAS VEGAS, Nev. (AP) — There's one thing about golfer Gay Brewer. He doesn't pick on any soft touches in a playoff.

Brewer's opponent in an 18-hole playoff today was a fellow named Arnold Palmer, with whom he tied after the regulation 72 holes Sunday in the \$100,000 Tournament of Champions.

One week ago the 34-year-old Gay, from Louisville, Ky., by way of Dallas, Tex., merely faced Jack Nicklaus and Tommy Jacobs at 18 holes after they deadlocked in the famed Masters at Augusta, Ga.

Nicklaus, of course, won with two-under par 70, Jacobs had 72 and Gay 78.

Brewer, undisputed leader in the middle rounds, went into Sunday's final 18 holes leading Palmer by five strokes and Bill Casper by six.

Palmer, with an eagle three on the fifth hole, cut the margin by three strokes in five holes and going into the final nine was only one shot back of Brewer and Casper by two.

Casper eventually faded to 70 and 285, which was worth \$8,000. Palmer finally caught Gay on the 13th hole with a birdie three and went ahead for the first time on the 17th hole, again with a birdie three.

Came the 72nd and final hole. All Arnie needed to win was a par four.

Palmer missed the putt, took a bogey five to Brewer's par—and that's why both were on hand at the par 36-36-72 Desert Inn Country Club today.

U.S. Open champion Gary Player, who said the 25-mile an hour gusty winds were the worst he ever encountered, shot a 76 for 294.

Nicklaus, who never recovered from his opening round 76, had a 72 for 288 and a tie with Australia's Bruce Crampton and his 74.

Dave Marr, the PGA champion, and former PGA titleholder Bobby Nichols tied at 289 with Frank Beard.

Koufax Goes Six Innings For Shutout

By The Associated Press

Sandy Koufax has only one problem: He's in California, but his arm's still in Florida.

Making his second start at Los Angeles Sunday, Koufax struggled through six shutout innings in the Dodgers' 5-0 victory over the Chicago Cubs and then admitted that his arm still was at the Florida exhibition stage of the season.

"Right now I'm about that stage in spring training where we would just be beginning to play games," said the Dodger Dandy, who held out for 32 days of the exhibition season. "Normally I would be trying for three innings at this stage."

But Koufax, who received the Cy Young Award before the game for being baseball's best pitcher last year, indicated he was satisfied with his progress.

"My intention was to go nine innings," he said, "and I'd be dumb enough to try it if they let me. I thought I had pretty good stuff at times. At least I could throw this time."

Last time was his first start, against Houston, and the \$130,000 pitcher didn't survive the fourth innings. Against the Cubs he seemed to have difficulty getting loose at the start of each inning but kept five hits scattered while striking out six and allowing one walk.

After the sixth inning, Dodger Manager Walt Alton lifted his firing ace and Bob Miller finished up with three innings of one-hit pitching while Koufax went to the dressing room and began to soak his arthritic left elbow in ice.

Elsewhere, the San Francisco Giants won their fifth game in six starts by beating Houston 3-1, the New York Mets went over .500 for the first time in history by edging Atlanta 5-4, Pittsburgh nipped St. Louis 6-5 and Philadelphia whipped Cincinnati 3-1.

In the American League, Cleveland blanked Boston 6-0, Baltimore downed the New York Yankees 5-4, Washington walloped Detroit 10-4 and the Chicago White Sox shut out Kansas City 5-0. The second Chicago-Kansas City game and the California-Minnesota game were rained out.

The Giants snapped a 1-1 tie against the Astros in the seventh on singles by Tom Haller, Tito Fuentes and winning pitcher Bob Bolin off Barry Latham, a former American League.

Jim Davenport provided some added working room with an eighth inning homer.

Felipe Alou and Lee Thomas homered for the Braves but the Mets came out on top by scoring in the ninth without a hit. That brought their record to 2-1—the first time in their five-year history they have had a winning record at any point in the season.

Bill Murphy walked to open the ninth for the Mets and raced to third when Thomas bunted and threw it into center field. Reliever Billy O'Dell then walked Ed Bressoud and Ron Swoboda, forcing in the tie-breaking run.

The Pirates, who had lost 18 in a row to the Cardinals at Pittsburgh's Forbes Field, made it two in a row over St. Louis.

James Lewandowski and Richard Kurlinski of Bay City took the doubles lead with 1308 pins during the opening weekend of the 23rd annual Michigan State Polish Bowling Tournament here.

The West Side Merchants Lions of Detroit gained the team lead with 3114, 23 pins ahead of the Club 30 of Wyandotte.

Wyandotte's Frank Scarton and Stan Kroll took second in doubles with 1242.

Leading the all-events actual division with 1857 was Conrad Kush of Detroit. Scarton was second with 1809.

The 1987 World Series went 15 games and was played in 10 different cities.

Oman Offered Grid Tender By Illinois

Steve Oman, Escanaba's all-state football guard, has been offered a football scholarship to attend the University of Illinois.

Oman, 6 foot 215 pound guard who has been honored as a first team selection on the All-Upper Peninsula squads the past two years, is scheduled to fly to Champaign this week for a campus visit.

The Escanaba athlete also earned a varsity letter in basketball this season as a first string guard on the Upper Peninsula Class A championship team.

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY by J. R. Williams

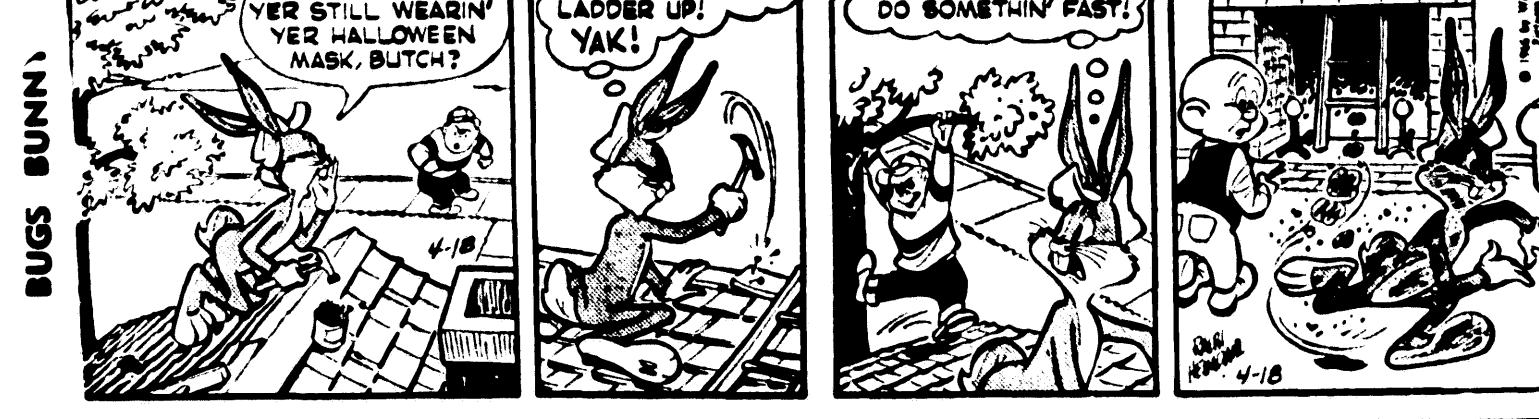

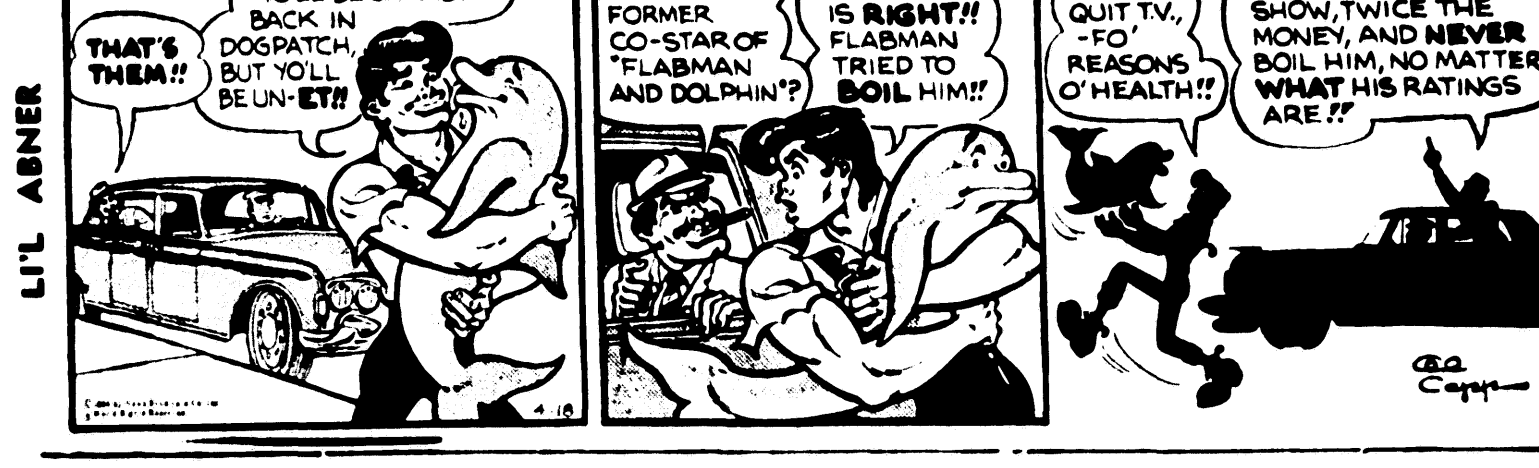

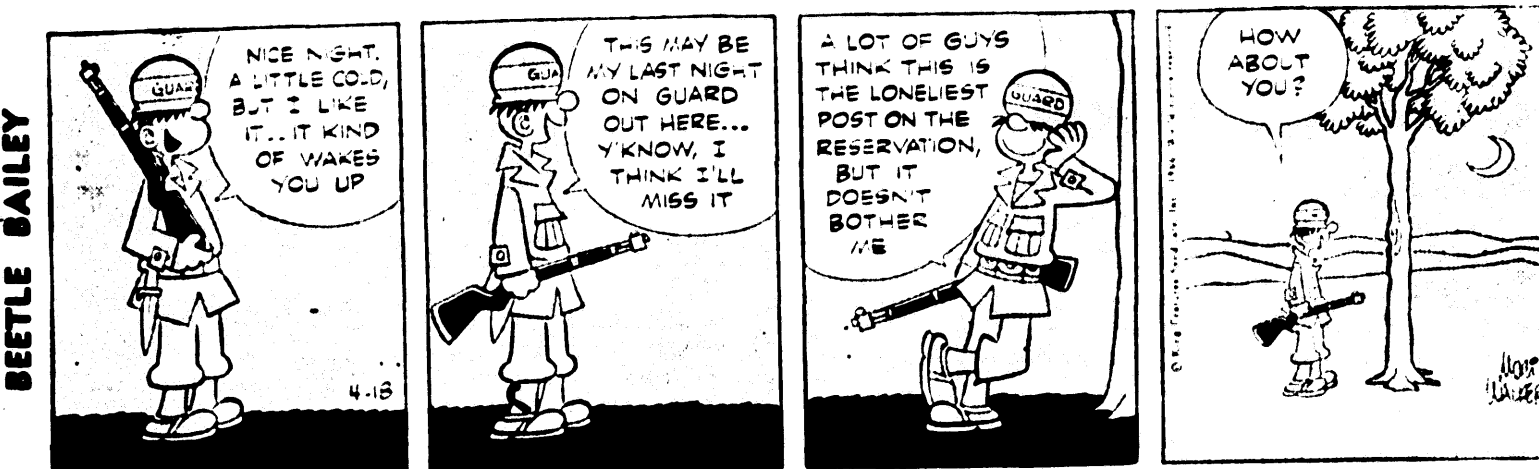

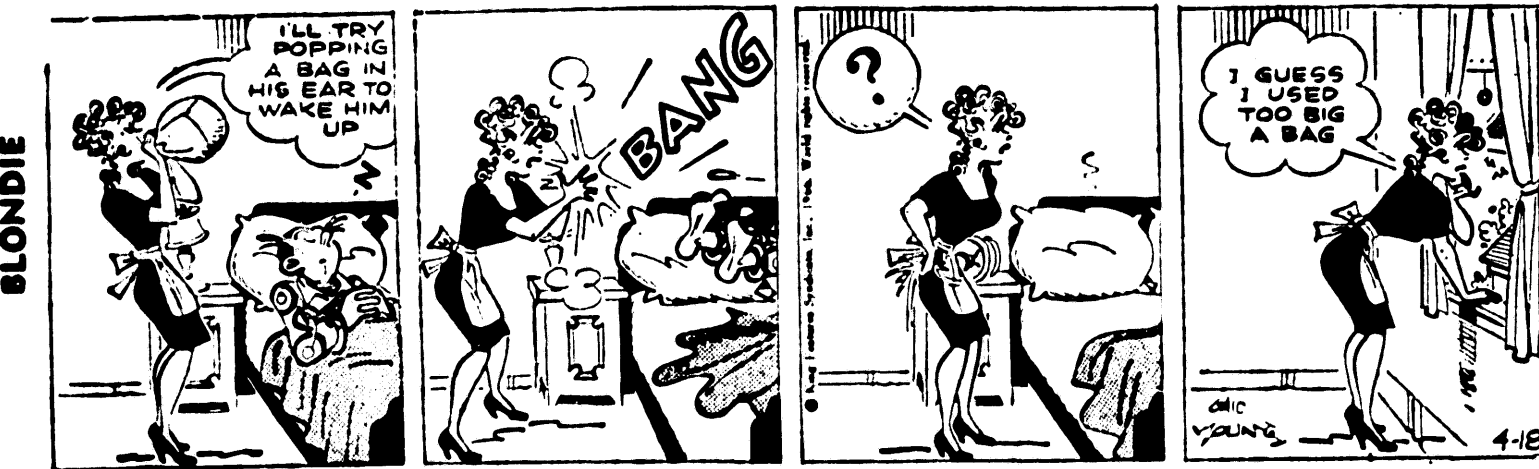

KENNETH KNUDSON, 25, center of Madison, Wis., had a free hand Friday when he burned what he said was his \$500 check for federal income taxes as a protest against military spending. But Policeman John Sweeney slapped Knudson with a \$15 bill for unpaid parking tickets. Knudson raised the money among fellow demonstrators. Another policeman made Knudson pick up the tax form that he had torn into shreds, threatening arrest for littering. The demonstration took place in front of the Madison internal revenue office. Gladstone News

Briefly Told

The Women's Smear League will meet tonight at 7:30 in the Kipling townhall. Members will vote on the location of the annual banquet to be held on May 14.

Vehicles driven by William Micheau, 17, of Rte. 1, Rapid River, and George Snyder, 57, of 1213 S. 11th St., Escanaba, were damaged at 6:40 p.m. in a collision on U.S. 2 and 41 at Masonville. State Police said Micheau started to make a turn into his driveway as Snyder started to pass. There were no injuries. Tickets were issued over the weekend to Hattie Little, Wilson, no operator's license; Emery Vau, Wilson, failure to yield right of way; and Lawrence Pardee, 320 S. 10th St., Gladstone, defective brakes.

Personals

Mr. and Mrs. John Stock, 415 S. 10th St. returned last weekend from Port Richey, Florida, where they spent the winter months.

Mrs. Ronald Schram and Mrs. Rita Valiquette and daughter of Escanaba visited Sunday with Mr. and Mrs. Peter Schram and family in Fondulac, Wis.

Singapore Is New Rest Area

SINGAPORE (AP) — U.S. troops have landed in another Asian land, on a peaceful mission.

Despite fears of leftist protests, a trickle of American servicemen have been coming to Singapore since the government's recent decision to welcome about 80 a week for combat leaves from Viet Nam.

So far the program has hardly caused a ripple in this island state, which has the largest British garrison east of Suez.

The GIs arrive quietly in civilian clothes by commercial airliner and are hardly distinguishable from other Western tourists or residents in Singapore.

U.S. officials added Singapore to the list of rest and recreation centers for American forces in Viet Nam because the American troop build-up has taxed facilities in Bangkok, Tokyo, Hong Kong and other leave cities.

Some officials were concerned that the Communists might kick up demonstrations, but none has occurred.

Once Singapore's Premier Lee Kuan Yew condemned U.S. intervention, not only in South Viet Nam but in the whole of Southeast Asia. Last week, referring to the Viet Nam war, he said: "It is a crime against humanity. But to say who is committing the crime would be taking sides."

Opening Jam

FALL RIVER, Mass. (AP) — The new bridge was made impassable by a traffic jam before it was even officially dedicated.

Officials opened the new Braga Memorial Bridge across the Taunton River, then piled into cars for the ceremonial drive across. An antique auto at the head of the parade stalled at an approach, delaying the motorcade for about 15 minutes.

Delta 426 Farm Bureau Group held its monthly meeting, Tuesday, April 12, at the home of Mr. and Mrs. Herman Bittner, Cornell. Carl Vandrese, chairman, conducted the meeting. Clayton Ford announced the bills in legislature on Farm Labor legislation, migrant labor, and agricultural legislation. Topic discussed was "Integration in Agriculture." "Threat or Benefit to Farmers." Next meeting in May will be held at the Carl Vandrese home.

Auctioneers To Sell Steers In Mackinac Auction

MACKINAC ISLAND — This resort will echo with the chant of cattle auctioneers June 12 and 13 when the ninth annual Livestock Marketing Congress meets at the Grand Hotel.

Sponsored by the Certified Livestock Markets Association, the Congress features a two day contest to determine the world champion livestock auctioneer.

Salesmen from auction rings in various parts of the world will gather on the hotel's veranda and sell a pen of range steers brought in for the occasion.

Auctioneers are recommended for the contest and sponsored by one or more of the 800 markets making up the Certified Markets Association.

Contestants will auction three head of cattle each day of the competition. Cattle will be provided by the Northern Michigan Feeder Cattle Association. The steers will be penned in a special corral in the gardens of the Grand Hotel.

Rock

Mojakka Supper

The Rock seniors are sponsoring a "Mojakka" supper at the Rock Lions clubhouse on Tuesday, April 19 from 5-7:30 p.m. Advance tickets may be obtained from seniors. The public is welcome. Tickets will also be available at the door.

The Maple Bowl Women's bowling will conclude with a banquet at the Lions clubhouse on Wednesday, April 20, starting at 6:30 p.m. Mary Wilcox is chairman for the banquet arrangements. League and sweeper prizes will be awarded at this time.

Carney

The Carney School bands will present their annual spring concert on Tuesday, April 19 at 8 p.m. in the school gymnasium. The senior, junior and beginner bands will perform. The public is cordially invited to attend.
